GASTRONOMY

As a proud member of an association of the world's finest hoteliers, chefs and restaurateurs, we define dining luxury as a holistic experience that takes guests on a sensual journey and introduces them to the 'art of living' Relais & Châteaux-style.

EFISIA – RELAIS & CHATEAUX

Our restaurant is sheltered from the evening breeze in an alcove of rough-hewn stone. As one of the top tables on the island, Efisia offers a gourmet menu in the Relais & Châteaux tradition, pairing a culinary experience with luxurious atmosphere.

STAY – POOL DECK

The magnificent timber deck surrounding the pool is a world unto itself. It's a vast expanse and, once on it, you feel as if you've set out to sea on a tide that ebbs and flows from breakfast terrace to poolside bar and back. Best of all though are the seamless views out over the Aegean.
